- E. 2 ea. Mounting screw

Tools required

- #2 Philips head screw driver
- Plastic clip removal tool or similar tool

Please take a few minutes to read and thoroughly familiarize yourself with the installation procedures outlined in this manual. Following the steps as outlined will save you time and help reduce mistakes. Once the instructions are reviewed, if you feel that you are not capable of safely installing the parts seek the help of a qualified installation expert to help you complete the job. The manufacture is in no way responsible for any personal injury or vehicle damage that may occur during the installation.

NOTES ON INSTALLATION

Please read and understand all instructions prior to beginning the installation process.

Pre-fit all panels as you proceed with the installation before attempting to bolt into position. This will enable you to understand exactly how the part is intended to fit onto vehicle.

Do NOT over-tighten screw.

If the instructions call for you to save and re-install parts set them aside in a protected area so as not to damage them.

REMOVING FACTORY LICENSE PLATE

Step 1.
Locate and remove two factory screws using a #2 Philips head screwdriver. Firmly grab factory license plate holder and pull away from vehicle. Discard hardware and license plate holder.

INSTALLING BUMPER GRILLE

Step 1.
Locate and place a supplied U nut (D) onto the factory bumper tabs as shown. Repeat step for remaining u nuts.

Step 2.
Place supplied mounting bracket (B) onto the factory bumper. Line up the holes on the mounting grille with the holes on the factory bumper.

Step 3.
Place supplied mounting screw (E) through the top hole in the mounting bracket and onto the previously installed U nut. Repeat step for remaining mounting screw. Tighten down using a #2 philip's head screw driver.

INSTALLING BUMPER GRILLE continued

Step 4.
Place supplied christmas tree clip (C) through the lower hole in the mounting bracket. Repeat step for remaining christmas tree clip

Step 5.
Place supplied grille (A) onto the mounting bracket. Firmly press down on the bumper grille to secure in place.

This completes the installation.
