

15-19 F-150 Black Fuel Door Cover Installation Guide

Contents:

(1) Fuel Door Cover

Tools Required:

- Rubbing alcohol
- Microfiber cloth

// Step 1:

Begin by cleaning the surface of the vehicles fuel door by using rubbing alcohol and a microfiber cloth.

//Step 2:

Once the rubbing alcohol is fully dried, peel the film off of the double sided tape on the fuel door cover.

//Step 3:

Stick the fuel door cover to the vehicles fuel door. Apply even, firm pressure to the cover. Once fully adhered, installation is now complete.
