

15-19 F150 Windshield Sun Shade Installation Guide

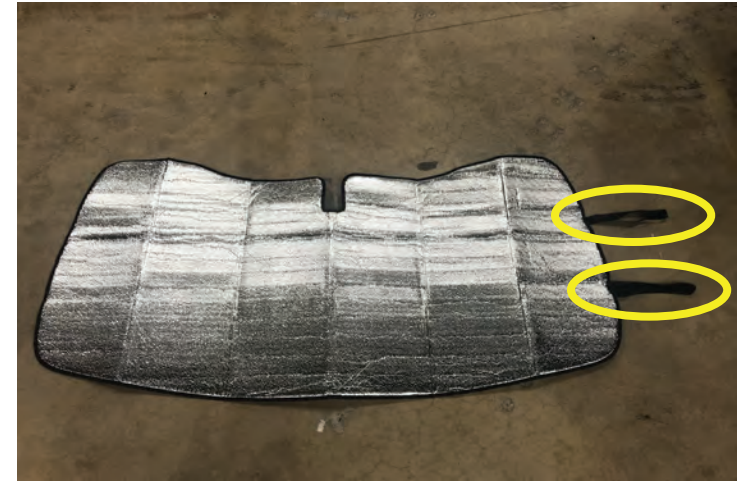

T543311

Contents:

(1) Windshield Sun Shade

Tools Required:

- N/A

//Step 1:

Begin by expanding the sun shade by removing the (2) nylon straps on the sun shade.

// Step 2:

Once expanded, take sun shade into vehicle and lay against the dashboard. Make sure the reflective side of the sun shade is facing up.

// Step 3:

Begin to raise the sun shade up to cover the windshield. Slide the rear-view mirror cutout along the rear view mirror. Press the sun shade along the edges in place to hold up. Once sun shade is supported, installation is complete.
