

# 15-19 F150 Dash Mounted Cell Phone Holder Installation Guide

T543312

## Contents:

(1) Phone Mount

## Tools Required:

- N/A

### //Step 1:

Empty all contents in dash tray to make room for the phone mount.  
Clean the front of the dash tray with isopropyl alcohol.

### // Step 2:

Peel the double sided tape from the mount, and apply firm even pressure to the dash to ensure proper adhesion.

### // Step 3:

Once the base is attached, using the provided screw, attach the phone holder to the base and tighten until secure. Installation is complete.
