

15-19 F150 Center Console Storage Organizer Installation Guide

Contents:

(1) Center Console Storage Organizer

Tools Required:

- N/A

//Step 1:
Begin by removing any existing center console tray.

// Step 2:
Once removed, begin installing the new organizer. Starting from the front of the console, slide the rear of the organizer towards the rear of the console and into the rear channel.

Note: This is a tight fit by design.

// Step 3:
Once the organizer is seated into the rear channel, push the front of the organizer into the front channel. Once completed, installation is complete.
