

Instructions for KC 12726 Stacker Kit Stack & Link Two FLEX Duals

Thanks for choosing a KC HiLITES product. We take pride in building the highest quality, best engineered systems possible. Your satisfaction with our product is important, so if you have any questions, please call our customer service line at 800-528-0950. **For warranty information, visit our website at www.kchilites.com.**

Parts Included

- 1 - Stacker Plate
- 1 - Linker Wire
- 4 - Replacement bolts

1. Remove the mounting bracket from one of the FLEX Duals.
2. Remove the two bolts at bottom center of the same light.
3. Remove the top center two bolts of the light with the mounting bracket.
4. Add the stacker plate as shown and install the four longer bolts supplied with the kit.
5. Add the linker wire between the two positive posts on each light along with one of the power cables that came with the lights.
6. Replace the rubber covers on the two positive terminals on each light.
